# SITUATION SUMMARY

## Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Level 1	Level 1	Level 1	Level 1

### **Malibu Brush Fire**

At 0515 Hours on 02/25/2016 the California State Warning Center (CSWC) advised the Cal OES Southern and Fire Duty Officers of a brush fire in Malibu.

- Per Cal OES Southern Duty Officer (Cal OES SDO) the fire started around 0300 hours near Mulholland Highway and Bardman Street 3 miles Northeast of Pacific Coast Highway (PCH).
- Two camps were under voluntary evacuations

At 0630 Hours the Los Angeles County Office of Emergency Management (OEM) advised the Cal OES SDO that no structures were threatened and voluntary evacuation orders were no longer in effect, as a result there was no longer a need to report on the fire.

- No emergency management issues related to this incident and no state assistance is required.
- Per Cal OES SDO will continue monitor the incident.

At 0800 Hours per Cal FDO forward rate of spread has been stopped at 7 Acres, still monitoring. Cal OES Fire and Rescue Division Region 1 Assistant Chief Dave Stone is in-route and will advise further.

### **CDCR Deuel Vocational Institution , San Joaquin County (FINAL)**

At 2031 hours on 02/24/2016 the California State Warning Center (CSWC) received notification from the 24 hr. Duty Officer with California Department of Corrections (CDCR). CDCR had a water main break at the Deuel Vocational Institution in Tracy. The facility is located at 23500 Kasson Road, Tracy, CA 95376. CDCR activated their ICP in response to this incident.

- The CDCR requested 24 porta-lets to be delivered ASAP. No requests for water or any other unmet needs were reported.
- CDCR has a contractor in route to fix the water main and confidence is high the repairs will be made quickly.
- The CSWC communicated with the EDO, Regional DO and CDCR DO via a conference call and information for local vendors was provided to the CDCR DO and Warden Price.
- At 2155 hours Wednesday, CDCR confirmed procurement with a local vendor and the toilets would be delivered Wednesday night.
- There are currently no unmet needs or requests for assistance.
- At 0634 hours on 02/24/16, CDCR advised that the water break has been stopped and once the water pressure returns, daily operations will resume.
- Per Cal OES IDO and CDCR no further assistance will be required. This will be final report unless other information becomes available.

# **SITUATION SUMMARY**

## **Proclamation, Del Norte County**

At 1014 hours on 02/23/2016 the California State Warning Center (CSWC) received a Local Proclamation for Del Norte County associated with the December 2015 back to back storms and associated erosion. The Cal OES Coastal Duty Officer (CDO) advised that Cal OES Recovery is taking the lead on this issue and will work with Cal OES Coastal Region and local agencies. The Proclamation was updated in Cal EOC and notifications were made per SOP.

## **Lost Hill Oil Field, Kern County**

At 1937 hours on 02/23/2016 the California State Warning Center (CSWC) was contacted by the Department of Oil and Gas (DOG) Bakersfield Branch. DOG was alerted to a fissure that has formed in the Lost Hill Oil Field in Kern County. The closest cross street to the Oil Field is Holloway and HWY 46.

At 1352 hours on 02/24/2016 DOG Bakersfield Branch advised:

- Kern County Environmental Health responded back to the incident location and advised there is no immediate risk to the health or environment and no release of hydrocarbons, gas or steam.
- CHP and Caltrans were also present at the site today and confirmed that SR46 is not impacted and no damage is present, however, they will both continue to monitor.
- State Geologist John Parish and DOG have advised this is not related to the 02/23/16 EQ event in Kern County. The fissure was present prior to the event. The fissure history and presence will continue to be investigated.
- DOG will conduct inspections on wells tomorrow that are in the area. The wells were previously inspected in October 2015.
- DOG has restricted the area with temporary fencing with future operations to construct a permanent structure.
- There are no requests for assistance or unmet needs at this time

## **Weather of Concern**

### **Northern California**

- Another long period swell will affect coastal areas and beaches with above normal surf Friday into Saturday.

### **Southern California**

- A large, long period west swell will create dangerous wave conditions along the beaches through this evening. Surf of 12 to 18 feet is expected for west facing beaches along the Central California Coast.
- For Southernmost beaches expect sets 5 to 10 feet up to 12 feet. With surf gradually diminishing tonight.

## **Cal EOC Incident – 2014 Drought**

- SOC / Inland REOC remains activated in support of 2014 Drought

# WEATHER

## WEATHER SYNOPSIS BY REGION:

### NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

#### **Medford Weather:**

Strong long wave ridge now over the west coast will move slowly east, moving out of the area Friday morning. There is some fog along the coast and over the western valleys that will burn off this morning. Other than that there will be areas of mid- level and high clouds. Today will be the warmest day of the week with coastal highs around 5 degrees above normal and inland highs 10 to 15 degrees above normal.

#### **Eureka Weather:**

Dry weather will hold over the region today and tonight. A weakening front will approach on Friday bringing a chance of rain in the afternoon and evening. More light rain is expected with another front on Sunday.

#### **Reno Weather:**

Temperatures across northeast California and western Nevada will be well above average through Friday before easing down slightly for the weekend. It will be breezy Friday, with a chance for showers mainly north of Interstate 80 Friday night and early Saturday. Another weak system is possible Sunday night followed by dry conditions to start next week.

#### **Sacramento Weather:**

Expect Dry weather with above normal temperatures through Friday. A weak system will bring a chance for light rain north of interstate 80 Friday evening into early Saturday followed by another weak storm Sunday into Monday morning.

#### **San Francisco Weather:**

Dry weather conditions and unseasonably warm temperatures will continue through the remainder of the work week as high pressure remains over the area. A weak system passing to the north will bring a chance of light precipitation over the north bay late Friday. Otherwise, dry weather and above average temperatures are likely to persist into the first half of next week.

# WEATHER

## WEATHER SYNOPSIS BY REGION:

### **CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY:**

#### **Hanford Weather:**

Dry weather will continue for the next several days as a ridge of high pressure dominates the pattern, except for areas of night and morning fog in the San Joaquin valley. Skies will be mostly clear, high temperatures will continue well above normal.

### **SOUTHERN CALIFORNIA:**

#### **Los Angeles Weather:**

High pressure aloft will continue above normal temperatures into Friday. Onshore flow will allow overnight low clouds and fog on the coast and a cooling trend over the weekend. High pressure will build in early next week for a warming trend and decreasing cloudiness into midweek, but a low pressure system will dip south late next week for cooler and cloudier conditions.

#### **Extreme Southwestern California including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:**

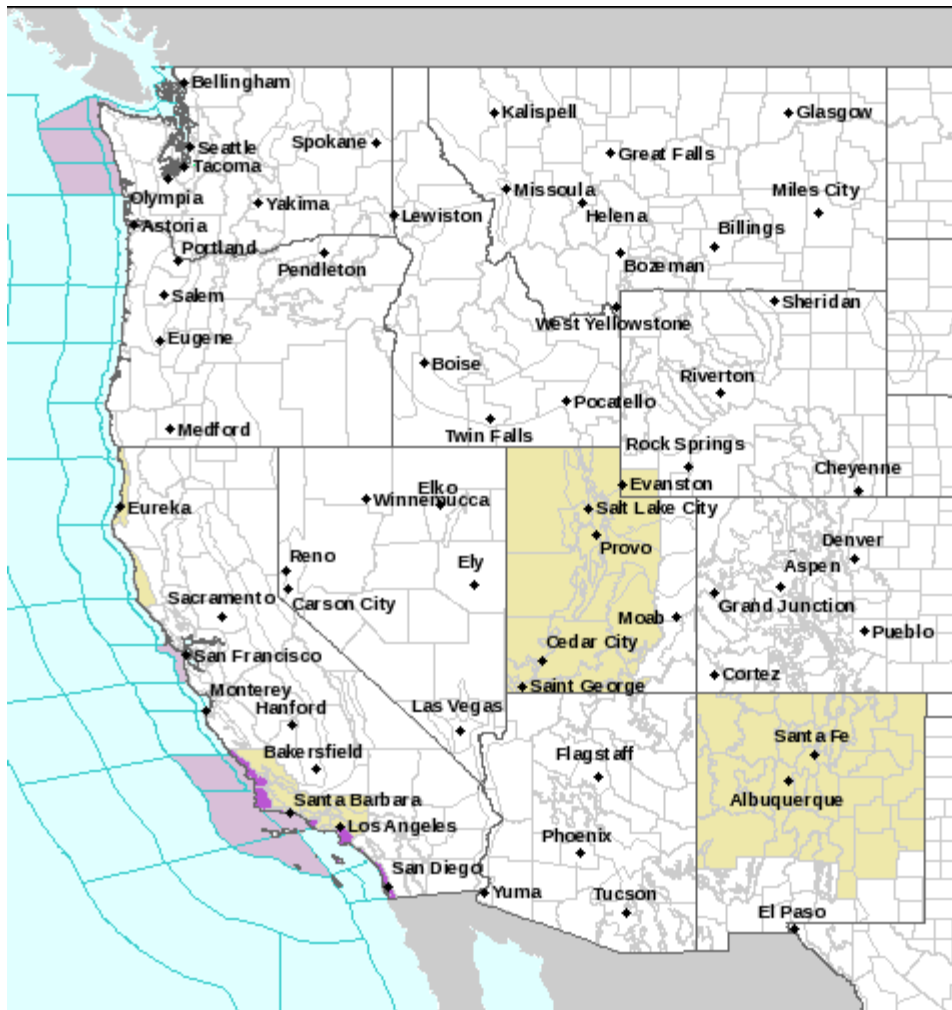

Fair weather will continue this coming week. It will be slightly cooler this weekend with some coastal clouds returning. A warming trend is expected next week with some offshore flow.

#### **Southeast California Weather:**

High pressure will build across the area through the weekend with dry conditions and well above normal temperatures. A weak system will move through early next week bringing breezier conditions and a brief cool down.

# **CAL OES 2014 DROUGHT**

## **Cal EOC Incident – 2014 Drought**

- The SOC is activated in support of the Drought State of Emergency and continue to monitor the situation.
- The Governor issued Executive Order B-26-14 on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought, specifically through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- The Governor issued Executive Order B-29-15 on 04/01/15 which announced actions that will save water, increase enforcement to prevent wasteful water use, streamline the state's drought response and invest in new technologies to make California more drought resilient.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.
- Cal OES Recovery continues to coordinate the Community Impacts Workgroup conference calls. Currently, the calls take place on the first Wednesday of each month.
- Cal OES Recovery/Individual Assistance finalized an updated 2015 version of the drought brochure of programs and services for individuals, businesses, farmers, and ranchers. It has been put on the Governor's Drought webpage. State agencies may put the following link to the brochure on their webpage <http://ca.gov/drought/pdf/Drought-Assistance-Brochure-2015.pdf>
- Cal OES Regions (Inland, Coastal, Southern) collective OA drought call is facilitated by the SOC and will be held once per month.

# **CAL OES 2014 DROUGHT**

## **Cal EOC Incident – 2014 Drought**

### **Local Emergency Proclamations:**

**A total of 63 local Emergency Proclamations have been received to date from city, county, and tribal governments, as well as special districts:**

- 29 Counties: Butte, Colusa, Calaveras, Del Norte, El Dorado, Fresno, Glenn, Inyo, Kern, Kings, Lake, Madera, Mariposa, Merced, Modoc, Plumas, San Bernardino, San Joaquin, San Luis Obispo, Santa Barbara, Shasta, Siskiyou, Sonoma, Stanislaus, Sutter, Trinity, Tulare, Tuolumne, and Yuba.
- 13 Cities: City of Live Oak (Sutter County), City of Lodi (San Joaquin County), City of Manteca (San Joaquin County), City of Montague (Siskiyou County), City of Porterville (Tulare County), City of Portola (Plumas County), City of Ripon (San Joaquin County), City of San Juan Bautista (San Benito County), City of Santa Barbara (Santa Barbara County), City of Rancho Cucamonga (San Bernardino County) and City of West Sacramento (Yolo County), City of Willits (Mendocino County), and City of Fort Bragg (Mendocino County).
- 9 Tribes: Cortina Indian Rancheria (Colusa County), Hoopa Valley Tribe (Humboldt County), Karuk Tribe (Siskiyou/Humboldt Counties), Kashia Band of Pomo Indians of the Stewarts Point Rancheria (Sonoma County), Picayune Rancheria of Chukchansi Indians (Madera County) Sherwood Valley Pomo Indian Tribe (Mendocino County), Tule River Indian Tribe (Tulare County), Yocha Dehe Wintun Nation (Yolo County), and Yurok Tribe (Humboldt County).
- 12 Special Districts: Carpinteria Valley Water District (Santa Barbara County), Goleta Water District (Santa Barbara County), Groveland Community Services District (Tuolumne County), Lake Don Pedro Community Services District (Mariposa Stanislaus County), Mariposa Public Utility District (Mariposa County), Meiners Oaks Water District (Ventura County), Montecito Water District (Santa Barbara County), Mountain House Community Service District (San Joaquin County), Nevada Irrigation District (Nevada County), Placer County Water Agency (Placer County), Tuolumne Utilities District (Tuolumne County), and Twain Harte Community Services District (Tuolumne County).

# CAL OES MISSIONS

## Ongoing Cal OES Missions

- **2016-LAW-21584, 1545 Hours, 02/21/2016:** El Dorado County SAR requested five HRD K9 teams to search near South Lake Tahoe for a missing 69 y/o female who has been missing for five days. The MP is not in good health. Her vehicle was located at a remote parking area. Teams are to meet at EDSO in South Lake Tahoe at 0800. Cal OES K9 coordinator is arranging for the K9 teams. **UPDATE: 1915 Hours, 02/23/2016,** EDSO is requesting Placer County Nordic SAR team to assist with segmented search and probing. LDO is coordinating. Placer County Nordic SAR, Sgt. Hunt was advised and will attempt to fill the request. Per EDSO a 10 hour search did not produce any results. **MISSION SUSPENDED. UPDATE as of 1430 Hours, 02/24/2016:** Deputy Leslie Schlag, El Dorado County OES requesting 2-3 avalanche dogs on 2/27/2016, 0730 hours, to meet at the South Lake Tahoe Sheriff's station. LDO is coordinating with Cal OES SAR K9 program for the resources. **MISSION ON-GOING**

## Closed Cal OES Missions

- **2016-LAW-21640, 0758 Hours, 2/24/2016:** CPT Rogan, AFRCC, called and said that they were unable to locate the signal as the satellite keeps losing the fix, RP stated that they will be sending out the Civil Air Patrol in order to try and locate the EPIRB. It is not registered and it started sounding 2/23/2016 at 0132 Zulu. WC opened a Mission in WebEOC 2016-LAW-21640, AFRCC will contact the WC with any updates as they receive them. **UPDATE as of 1650 Hours, 02/24/2016:** LDO contacted AFRCC for an update. AFRCC reports that CAP tracked the EPIRB to a residence. The resident is deceased. CAP was unable to access the EPIRB to silence it, but contacted a family member who will respond to the residence on 02/25/2016 and silence the EPIRB. **MISSION CLOSED**
- **2016 LAW 21652: 0930 Hours, 02/24/2016,** Santa Clara County Sheriff requested an immediate response for 2 trailing trained SAR K9's to attempt to locate an at risk missing 18 y/o male. LDO coordinated with the Cal OES K9 coordinator. Two teams were in-route with an ETA of 1130. **MISSION ON-GOING. UPDATE as of 1730 Hours 02/24/2016:** SAR K9 teams were able to establish a direction of travel. Further investigation revealed the MP was not at risk. Search was called off. **MISSION CLOSED**

### **(PER-304) Social Media for Natural Disaster Response and Recovery**

This course focuses on the use of social media in disaster preparedness, response, and recovery. Social media has shown to help people communicate and collaborate about events as the events unfold. Social media can provide rapid and immediate real-time information about events that helps provide greater situational awareness leading to better decision making. Participants are provided with the knowledge and skills to integrate social media into their current communication plans. The course defines social media and its uses and identifies the tools, methods, and models to properly make use of social media in the context of disaster management and provides the information and hands-on experience necessary to help the participants' create social media disaster plans.
